

Aman Kumar Singh

Full Stack Engineer | Angular | .NET Core | Azure | SQL

Email: Campus22111997@gmail.com | Phone: 8889239845 | LinkedIn: linkedin.com/in/aman-kumar-singh | Location: Noida, India

PROFESSIONAL SUMMARY

Full Stack Engineer with 4.9+ years of experience building scalable web applications using .NET Core, C#, Angular, SQL Server, and Azure services. Apply Object-Oriented Programming (OOP) and SOLID Principles to design maintainable architectures and enhance system performance. Optimize database operations, automate CI/CD pipelines, leverage Azure Functions for serverless processing, and improve operational efficiency by 20% through workflow automation and analytical performance tuning.

PROFESSIONAL EXPERIENCE

Engineer – Full Stack Developer

Motherson Technology Services Ltd | Noida, India | Apr 2023 – Present

- Delivered enterprise-grade applications using .NET Core, C#, Angular 16+, and SQL Server.
- Implemented scalable API layers using Entity Framework Core and LINQ.
- Utilized Azure Functions for background task automation and event-driven processing.
- Enhanced database efficiency through indexing strategies and query optimization.
- Identified performance bottlenecks and strengthen application scalability.
- Increased operational efficiency by 20% by automating reporting and workflow processes.
- Managed CI/CD pipelines using Azure DevOps and GitHub Actions.
- Deployed containerized solutions using Docker.
- Evaluated application metrics and user behavior data to identify improvement opportunities and enhance overall system performance.

Full Stack Developer

Rectitude Consulting Services Pvt Ltd | Jabalpur, India | Apr 2021 – Mar 2023

- Built web solutions using Angular, ASP.NET MVC, C#, and relational databases.
- Created reusable UI components leveraging Angular Material and PrimeNG.
- Structured database schemas and refined data retrieval performance.
- Integrated backend services with frontend modules to ensure optimized data flow.
- Supported version control and structured deployment workflows.
- Analyzed business data patterns to optimize reporting logic and improve decision-support accuracy.

TECHNICAL SKILLS

Programming & Architecture: C#, .NET Core, ASP.NET MVC, Object-Oriented Programming (OOP), SOLID Principles, MVVM Pattern

Frontend: Angular, TypeScript, Angular Material, PrimeNG, HTML5, CSS3

Backend & APIs: REST Architecture, Entity Framework Core, LINQ, Azure Functions

Database: Microsoft SQL Server, PostgreSQL, Stored Procedures, Indexing

DevOps & Cloud: Azure DevOps, GitHub Actions, CI/CD Pipelines, Docker, Git

EDUCATION

MBA – LNCT, Bhopal (2020–2022) | BCA – St. Aloysius College, Jabalpur (2016–2020) | DCLM School, Renukoot, Uttar Pradesh – 12th (PCM) 2016, 10th 2014
