

SHIVAM *Data Analyst*

 shivambhatt00242@gmail.com  9418281719  github.com/Shivam00242

PROFILE

Data Analyst with hands-on experience in SQL, Excel, Power BI, Tableau, and Python. Built analytical dashboards and SQL-based systems using real datasets. Comfortable cleaning data, analyzing trends, and presenting insights clearly. Seeking an entry-level data analyst role.

EDUCATION

Sardar Patel University, 08/2022 – 08/2025 | Dharamshala
Bachelor's of Computer Applications (BCA)
Dharamshala | 2022–2025 | CGPA: 6.89

SKILLS

SQL Joins, Subqueries, Window Functions, Triggers	Python Pandas, NumPy, Matplotlib, Seaborn
Excel Pivot Tables, Power Query, Dashboards, Lookup & Conditional formulas	BI Tools Power BI (DAX, Data Modeling), Tableau
Tools Git, GitHub, VS Code	

PROFESSIONAL EXPERIENCE

Data analytics, Independent Data Analytics Project | Dec 2025 12/2025 – 12/2025 | Chandigarh
Designed a SQL-based Library Management System with automated workflows
Wrote analytical queries to track usage, overdue items, and active users

PROJECTS

Sales Performance Dashboard (Excel) 	11/2025 – 13/2025
Analyzed sales data using Pivot Tables and Power Query Built KPIs and an interactive dashboard for regional performance insights	
Hospital Management System (SQL) 	10/2025 – 12/2025
Created a relational database for patients, doctors, appointments, and billing Used joins and aggregations to generate operational reports	
Excel Data Analysis Project 	
Applied core Excel functions (VLOOKUP, HLOOKUP, IF, SUMIF, COUNTIF) and Pivot Tables to analyze datasets, generate summaries, and support data-driven decisions.	
Weather Analytics Dashboar 	
Built a dashboard using real-time API data Visualized temperature trends, AQI, humidity, wind speed, and forecasts	
Mahindra-Sales-Analysis-PowerBI 	
Designed a Power BI business dashboard with DAX calculations, KPI cards, bar/line/donut charts, and city-level slicers to track sales revenue, dealer profitability, return trends, and inventory efficiency.	

CERTIFICATES

Data Science - Cbitss

Pursuing Data Science training at CBITTS, with a focus on understanding neural networks and deep learning concepts, while building a strong foundation in machine learning and data analysis.

Power Bi - Cbitss

Completed Power BI training from CBITTS, where I gained hands-on experience in building interactive dashboards, performing data cleaning and transformation using Power Query, creating basic DAX measures, and developing data models to generate meaningful insights through KPIs, slicers, and visual reports.

Deloitte Australia – Data Analytics Job Simulation (Forage) | Dec 2025 [🔗](#)

Analyzed datasets to identify trends and anomalies

Built an interactive Tableau dashboard to present insights

Used Excel to clean and summarize data for decision-making

Tata - GenAI Powered Data Analytics Job Simulation [🔗](#)

Hands-on experience in **EDA, risk profiling, AI-based prediction, and business reporting** (Forage, 2026)
