Professional Summary

Entry-level Data Analyst and Python Developer with hands-on experience in SQL, Python, UiPath RPA, and web development. Skilled in building automation workflows, developing web applications, and analyzing data using Python, MySQL, and Excel. Experienced in implementing process automation, and computer vision applications using OpenCV and MediaPipe. Seeking an entry-level IT role to apply analytical, development, and automation skills to solve real-world problems.

Technical Skills

Programming Languages: Python, HTML, CSS

Databases: MySQL

Automation & Developer Tools: UiPath, UiPath Orchestrator

Data & Analytics Tools: Microsoft Excel

Computer Vision: OpenCV, MediaPipe

Concepts: Process Automation, Problem Solving

Projects

E-Commerce Website (Minor Project) – Python, HTML, CSS, MySQL

- Developed a dynamic e-commerce web application using Django.
- Implemented user authentication, product management, and shopping cart functionality.
- Improved UI responsiveness and optimized database queries.

Gesture Tracking System (Major Project) – Python, OpenCV, MediaPipe

- Developed a gesture-controlled virtual mouse system using computer vision.
- Implemented real-time hand tracking for accessibility applications.
- Improved gesture detection accuracy using multi-threaded processing.

Internship Experience

RPA Intern – CENTELLI, Chandigarh (Jan 2025 – Mar 2025)

- Developed automation workflows using UiPath.
- Implemented REFramework and deployed bots through UiPath Orchestrator.
- Automated repetitive business tasks and built bots for data extraction and reporting.
- Integrated UiPath with Excel, Outlook, and web applications.

Full Stack Developer Intern – ELECBITS, Haryana (Aug 2024 – Nov 2024)

- Developed application features using Python, HTML, and CSS.
- Integrated MySQL for dynamic data storage and retrieval.
- Implemented authentication and role-based access control.

Speech & Language Processing Intern – NEURONICS, Hyderabad (Jul 2022 – Sep 2022)

- Worked on speech-to-text modules and translation systems.
- Tested hardware-software integration for multilingual speech recognition.
- Gained experience in NLP and speech processing systems.

Certifications

- UiPath Foundation & Advanced Developer Certification
- Python for Beginners – Internshala

Education

Bachelor of Engineering – Computer Science Engineering
Osmania University, Hyderabad (2020 – 2024)
CGPA: 8.02

12th – Sp. Smart Higher Secondary School (2019 – 2020) | 80%

10th – St. Joseph's Convent School (2017 – 2018) | 82%

Achievements

- Developed multiple automation workflows using UiPath.
- Built data-driven and automation-based software projects.

Additional Information

Languages: English, Hindi, Kashmiri

Hobbies: Sketching, Badminton
