PROFESSIONAL SUMMARY

Motivated Java Full Stack Developer with hands-on experience in building responsive web applications, authentication systems, REST APIs, and dynamic frontend interfaces using React.js and modern web technologies. Skilled in Java, Spring Boot, React.js, Node.js, Express.js, SQL, HTML, CSS, and JavaScript. Experienced in developing full-stack applications with strong understanding of OOP, DBMS, MVC Architecture, CRUD operations, Redux Toolkit, and responsive web design. Passionate about scalable software development, problem-solving, and continuous learning.

EDUCATION

Bachelor of Technology (B.Tech) | 2021 – 2024

Bonam Venkata Chalamayya Engineering College – JNTUK | CGPA: 8.31

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript
- Frontend Technologies: HTML5, CSS3, React.js, Redux Toolkit, Bootstrap, React Router DOM
- Backend Technologies: Node.js, Express.js, Spring Boot (Basics), Hibernate ORM, REST APIs, JWT
- Database: MySQL, JDBC
- Developer Tools: Git, GitHub, VS Code, Eclipse IDE, npm, Postman
- Core Concepts: OOP, DBMS, MVC Architecture, CRUD Operations, State Management

PROJECTS

Full Stack Web Application | Java, Spring Boot, Hibernate, MySQL

- Developed backend modules using Spring Boot and Hibernate ORM framework.
- Implemented CRUD operations and RESTful APIs with MySQL database integration.
- Applied MVC architecture and Object-Oriented Programming concepts for scalable application design.
- Tested APIs using Postman and performed backend data handling efficiently.

Full Stack Authentication System | React.js, Node.js, Express.js, Axios

- Developed a full-stack authentication system with Login, Register, Forgot Password, and OTP verification features.
- Implemented frontend-backend API communication using Axios and managed user authentication workflow.
- Configured environment variables and prepared the application for deployment.

React E-Commerce Cart Application | React.js, Redux Toolkit, Axios, Bootstrap

- Built a responsive e-commerce application with dynamic product listing and reusable UI components.
- Implemented Add to Cart, quantity increment/decrement, subtotal calculation, and Buy Now functionality.
- Used Redux Toolkit and React Hooks for centralized state management and real-time UI updates.

React Blog Application | React.js, React Router DOM, Bootstrap

- Created a blog platform with category-based routing, dedicated blog pages, and reusable React components.
- Implemented dynamic navigation, conditional rendering, and responsive UI layouts for better user experience.

Personal Portfolio Website | HTML, CSS, JavaScript, GitHub Pages

- Designed and deployed a responsive portfolio website showcasing projects, technical skills, and branding.
- Integrated project showcases, contact sections, and responsive layouts optimized for all devices.

SOFT SKILLS

- Problem Solving • Communication Skills • Team Collaboration • Quick Learning • Adaptability • Time Management
